Questions about the Course

How useful was the recitation for achieving the goals of the course?

Describe the one best thing about the recitation section that was effective in helping you learn.

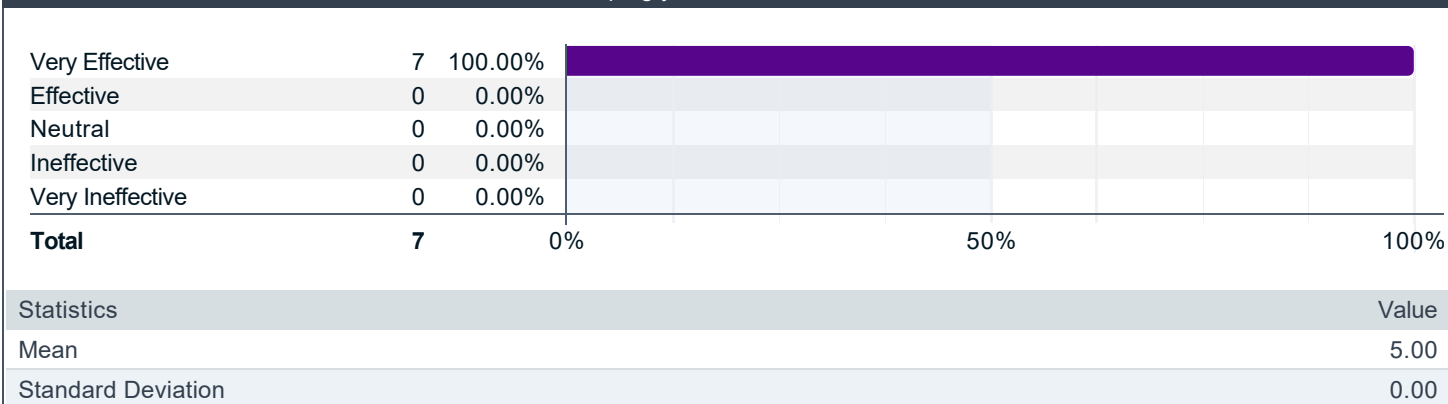

Comment
Recitation helped me conceptualize, understand and further develop and articulate the things I learned in class.
Learning and going through examples. Very good at making sure what was in lecture was understood, and breaking down these concepts
Going over the material we went over in class, and being able to ask clarifying questions about said material.
Help with coding
practice coding questions with the provided R script
That it went over the concepts discussed in class with different data sets

If you could suggest one thing to improve the recitation, what would it be?

Comment
N/A
Maybe some group activities to encourage student talking/engagement
More practice for the exams

He was amazing, helped me so much.
Alper you are a great TA!!!! Thank you for being so kind and understanding with students, helping else no matter which level of understanding we were at! It was great to learn from you, and I wish you the best with your PHD. And thank you for always answering my many emails :) –salah
I am very grateful I got a TA as helpful and supportive as Alper. He really makes sure you are receiving the support you need and makes it a point to check on you and if you require any help. He is a TA I would wish for in every class of mine. Thank you for being there for us Alper! :)
